# We're here to support your family.

eMedical Urgent Care has locations in Berkeley Heights and Middletown. When your primary care physician isn't available, our centers offer complete urgent care, lab and X-ray services. Our staff is comprised of highly trained, board-certified emergency medicine physicians and urgent care-trained physicians. You'll receive the same quality care you'd receive at an emergency room - without the long wait and expense.

## Evenings, Weekends, Holidays.

Our convenient hours are designed to fit your schedule. On average, you'll be seen by one of our professional providers within 30 minutes. We accept most major insurance carriers, and our eCard discount program is an affordable option if you're uninsured.

## Coordination With Your Doctor.

Urgent care is a great alternative when your primary care provider is not available. We can electronically send your visit information to your primary care provider upon request. Please note: Urgent care doctors do not provide routine care to monitor chronic problems.
